Re: Letter of recommendation

Dear Mr. Biramen,

Mr. Erdöl Biramen was working for our company as a freelancer in 1996 and 1997. He developed and implemented several software applications in the scope of organizing the real estate-management in ERSTE Bank. Special emphasis has been given on the construction of a data base for the office spaces used by ERSTE Bank. This included as well the data gathering from various information systems of the ERSTE Bank.

Mr. Biramen has always worked with great accuracy and circumspection and above all he knew very well how to handle the largely sensitive and confidential data.

We were very satisfied with his services and we can recommend him strongly.

Yours faithfully

s OM – Objektmanagement
Gesellschaft m.b.H.
Division Liegenschaften

Walter Konvicka
